HIGH-LEVEL SEGMENT

15:30-17:00

Session 4: Plenary

Strategic Programming for GCF First Replenishment

GCF will present its proposed strategic programming plans for the first replenishment period while Ministers, CEOs of Accredited Entities and other partner institutions provide insights on how they view the GCF's plans responding to the science and country ambitions.

18:00-20:00

Reception

DAY 2

20 AUGUST 2019 – TUESDAY
PURSUIT OF IMPACT

09:00-10:30 **Session 1: Plenary**
Countries at the Centre

The session will focus on how country-led planning and programming processes contribute to building an ambitious pipeline of transformational projects and programmes for the GCF.

10:30-11:00 **Coffee Break**

11:00-12:30 **Session 2: Parallel Sessions**
Science-Based, Systems Approach

The session will focus on mainstreaming of climate science and risk information in plans, policies and investments to effect systemic change across sectors and geographies.

Session 2-1
Climate-Resilient Development

Session 2-2
Low-Emission Development

Side-Meeting
Accelerating Implementation of GCF Portfolio
(attendance by invitation only)

A high-level session for the heads and focal points of United Nations agencies led by Mr Yannick Glemarec, Executive Director, GCF.

The objective of this session is to gather feedback from GCF Accredited Entities (AEs) on how to unlock existing challenges associated with project implementation and turn them into potential opportunities for more efficient and effective collaboration and knowledge sharing

12:30-13:30 **Lunch & Networking**

DAY 2

20 AUGUST 2019 – TUESDAY

PURSUIT OF IMPACT

13:30-15:00 **Session 3: Parallel Sessions**

Investing in Institutional Transformation

The session will focus on strengthening institutional and human capacity to identify, design and implement transformational climate interventions.

Session 3-1
Country Policy & Regulatory Frameworks

Session 3-2
Direct Access Capabilities for Scaling-Up

Side-Meeting

Accelerating Implementation of GCF Portfolio

(attendance by invitation only)

A high-level session for the heads and focal points of MDBs led by Mr Yannick Glemarec, Executive Director, GCF.

The objective of this session is to gather feedback from GCF Accredited Entities (AEs) on how to unlock existing challenges associated with project implementation and turn them into potential opportunities for more efficient and effective collaboration and knowledge sharing

15:00-15:30 **Coffee Break**

15:30-17:00 **Plenary Session 4**
Catalysing Innovation & Mobilising Investments at Scale

15:30-17:30 **GCF Knowledge Management (KM) Strategy Workshop**
(attendance by invitation only)

KM Strategy Workshop for KM heads or KM representatives and focal points. The objective of this session is to launch and socialize the GCF KM Theory of Change and draft GCF KM Strategy. It is hugely important for GCF to collaborate with other organisations in harnessing untapped knowledge resources that can benefit the global community.

17:00-18:00 **Getting Ready for Climate Action: A Holistic Approach**

The session will consider how countries could use the GCF's Readiness Programme to strategically prepare themselves for ambitious climate action

DAY 3

21 AUGUST 2019 – WEDNESDAY
ECONOMY-WIDE TRANSFORMATIONS

09:00-10:30

Session 1: Parallel Sessions

Session 1-1

Built Environment

This session will focus on integrated planning, design and project development to deliver interventions that maximise mitigation benefits and improved resilience of cities and built infrastructure.

Session 1-2

Livelihoods

This session will focus on the design of innovative, transformational interventions that address human health and wellbeing, food and agricultural supply chains and water security.

10:30-11:00

Coffee Break

11:00-12:30

Session 2: Marketplace

Marketplace 2-1

Built Environment

4-6 breakout groups to discuss 8-12 project concepts that would transform cities, infrastructure, transport and energy use to be low-emission and climate-resilient

Marketplace 2-2

Livelihoods

4-6 breakout groups to discuss 8-12 project concepts that would build climate information and early warning systems, secure agriculture and water, and integrate health and climate benefits

12:30-13:30

Lunch & Networking

DAY 3

21 AUGUST 2019 – WEDNESDAY
ECONOMY-WIDE TRANSFORMATIONS

13:30-15:00 **Session 3: Parallel Sessions**

Session 3-1
Energy & Industry

This session will focus on integrated planning, design and project development to deliver interventions that maximise mitigation benefits and improved resilience of cities and built infrastructure.

Session 3-2
Land Use, Forests & Ecosystems

This session will focus on opportunities for crosscutting, landscape-based interventions with mitigation, adaptation, resilience and development benefits.

15:00-15:30 **Coffee Break**

15:30-17:00 **Session 4: Marketplace**

Marketplace 4-1
Energy & Industry

4-6 breakout groups to discuss 8-12 project concepts that open renewable energy markets, catalyse private investments, bridge the energy access gap through clean energy and scaling-up energy technologies that reduce costs and shift markets

Marketplace 4-2
Land Use, Forests & Ecosystems

4-6 breakout groups to discuss 8-12 project concepts that shift incentives in the forest economic value chain inclusive of local communities, indigenous peoples and private sector, as well as protect ecosystems and ecosystem services that support livelihoods and buffer against climate shocks
